

PASSWARE KIT BUSINESS

All-in-one password recovery and decryption solution for corporations

Passware Kit Business 2018 v3

Passware Kit Business helps IT professionals, system administrators and security experts to solve password related problems, which frequently occur in corporate environment. The software recovers passwords for 250+ types of files and supports all popular applications used in business. Many types of passwords are recovered or reset instantly. To achieve the highest speed, Passware Kit Business uses hardware acceleration. Multiple files are processed simultaneously.

- NEW** Support for macOS Mojave
- NEW** Support for MS Office 2019 & QuickBooks 2019
- NEW** Support for 1Password OPVault & Online
- NEW** Password recovery for Symantec Endpoint disks

Key Product Features

Live memory analysis

Analyzes live memory images and hibernation files and extracts encryption keys for hard disks and passwords for files and websites.

Automatic Updates

Includes automatic software updates with one year of Software Maintenance and Support (SMS) subscription.

Password recovery for 250+ file types

MS Office, PDF, Zip, RAR, Quickbooks, FileMaker, Lotus Notes, and many other popular applications.

Batch processing

Runs password recovery for groups of files without manual intervention.

64-bit version

Improved performance, including the capacity to process thousands of files simultaneously and to handle larger dictionary files.

Hardware acceleration

Accelerates password recovery with multiple computers, NVIDIA & AMD GPUs, Tableau Password Recovery, and Rainbow Tables.

Encryption detection and analysis

Detects all encrypted files and hard disk images and reports the type of encryption and the complexity of the decryption.

Decryption of FDE

Decrypts or recovers passwords for BitLocker, FileVault2, APFS, TrueCrypt, VeraCrypt, LUKS, McAfee, Apple DMG, Symantec, and PGP disk images.
